

Company Profile

Professional OEM/ODM manufacturer

United International Co, Ltd.

Our Organization

Structure

[Head Office] Finance Centre and Trading Office:
United International Co., Ltd. @ Taipei, Taiwan

[Factory] R&D Centre and Manufacturing Base:
Zhongshan Lianchang Co., Ltd. @ Guangdong, China

- Director : Mr. T. C. Hsu
- Found Pro. Air Tec. in 1995 for Taiwan home appliance market
- Factory moved to Zhongshan, China in 2001
- Factory site: 20,000 sq meters
- Assemble lines : 4
- Employees : 434 people

Factory: Zhongshan Lianchang Co., Ltd. (中山联昌电器有限公司)

Address: No.72, Changjiang Road, East District, Zhongshan City, Guangdong Province, China

How to get to us:

-By Plane: Guangzhou Baiyun International Airport [CAN] → **Intra City Bus-Zhongshan Line** → 盛景酒店 Zhongshan Seasons View Executive Hotel

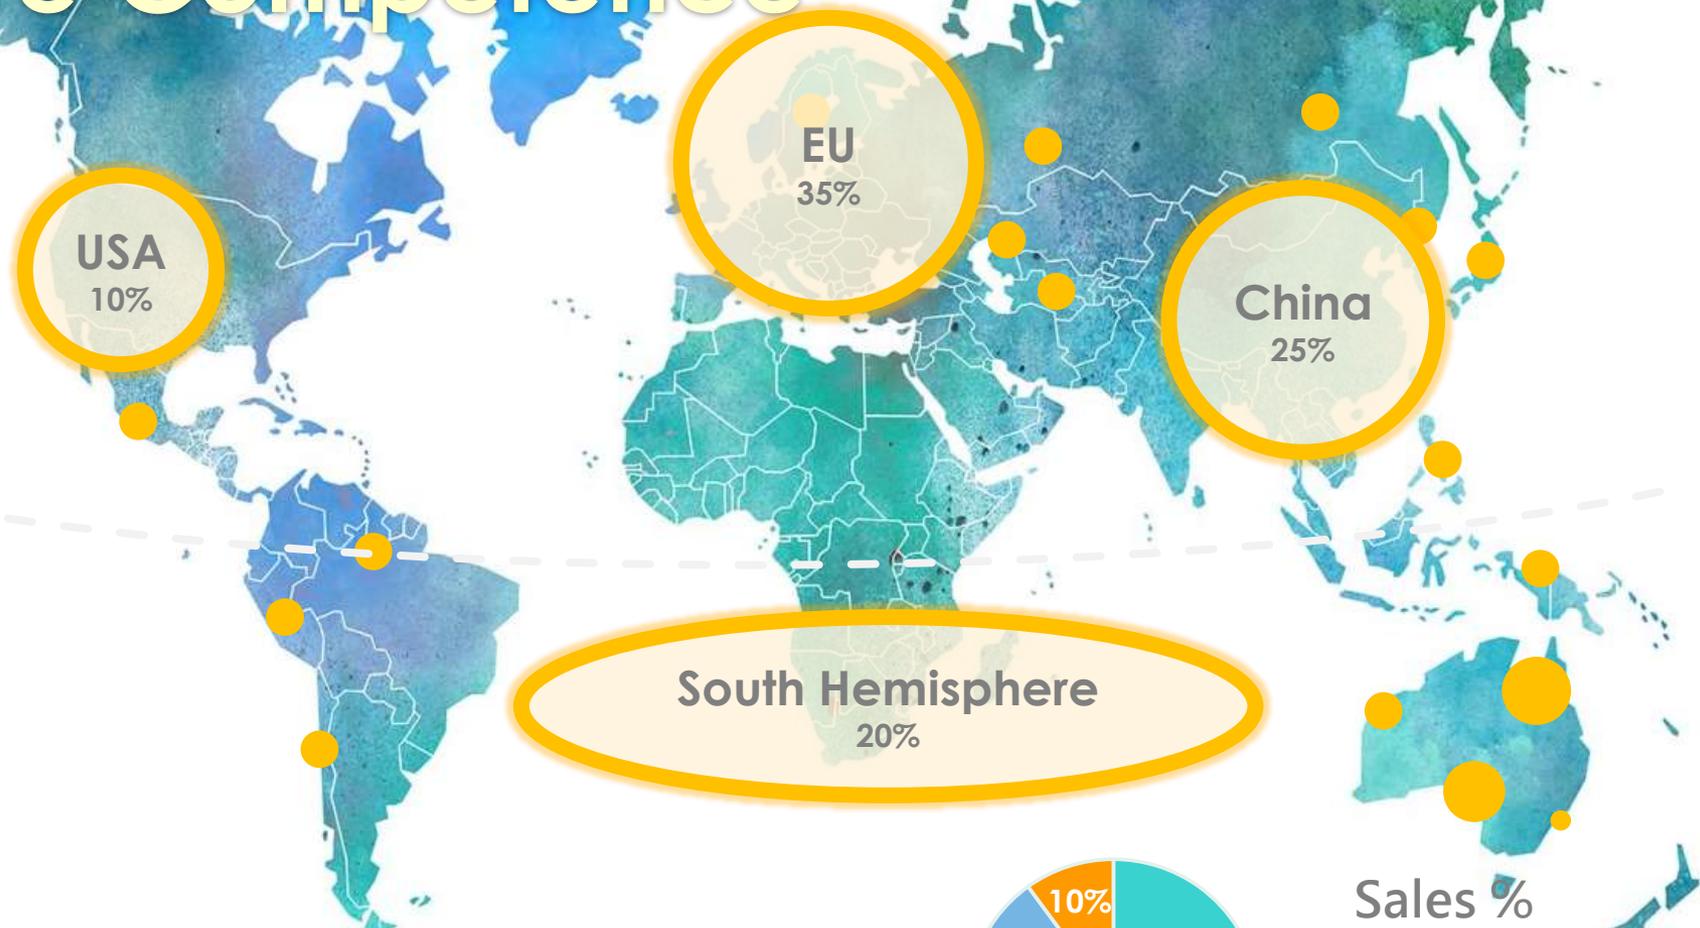

城际大巴 Intra City Bus: <http://www.gbiac.net/en/jtzy/citybus/zhongshan>

-By Ferry: Hong Kong International Airport [HKG] → **Ferry** → Zhongshan Port

Core Competence

Market

Achieve the standard of the world and Fulfill the needs of the world.

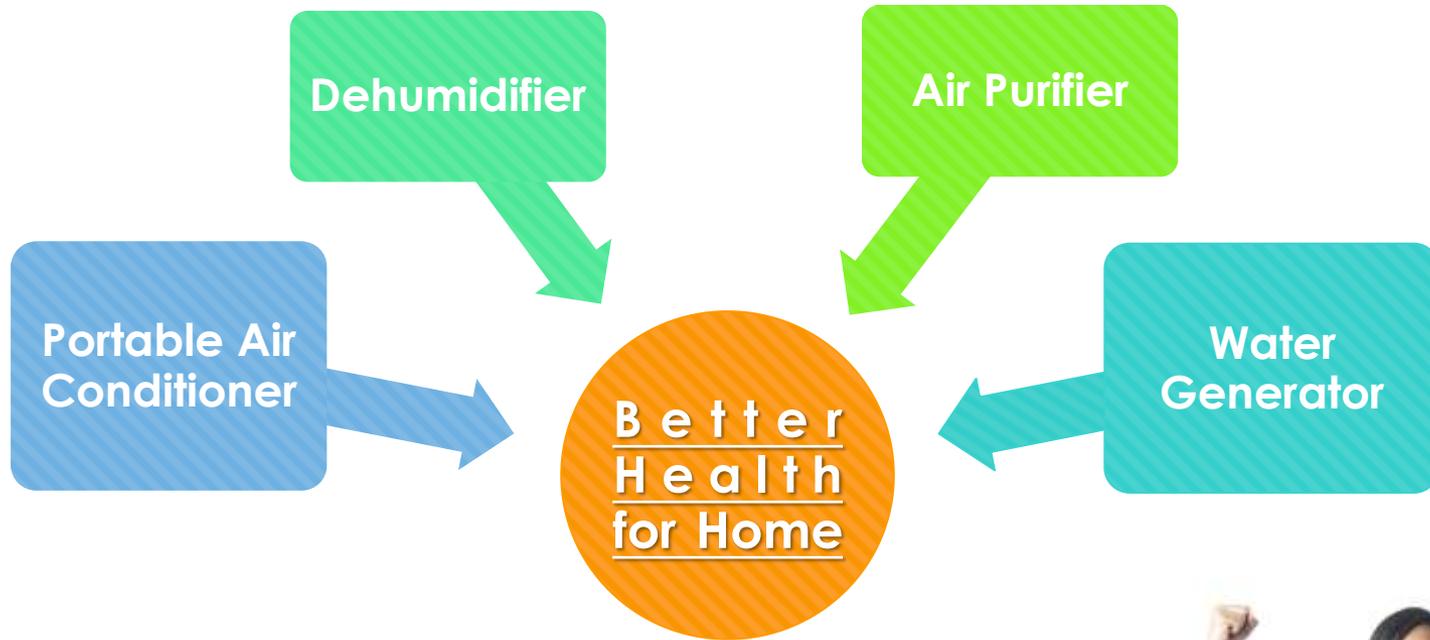

Brands (Under the whole group)

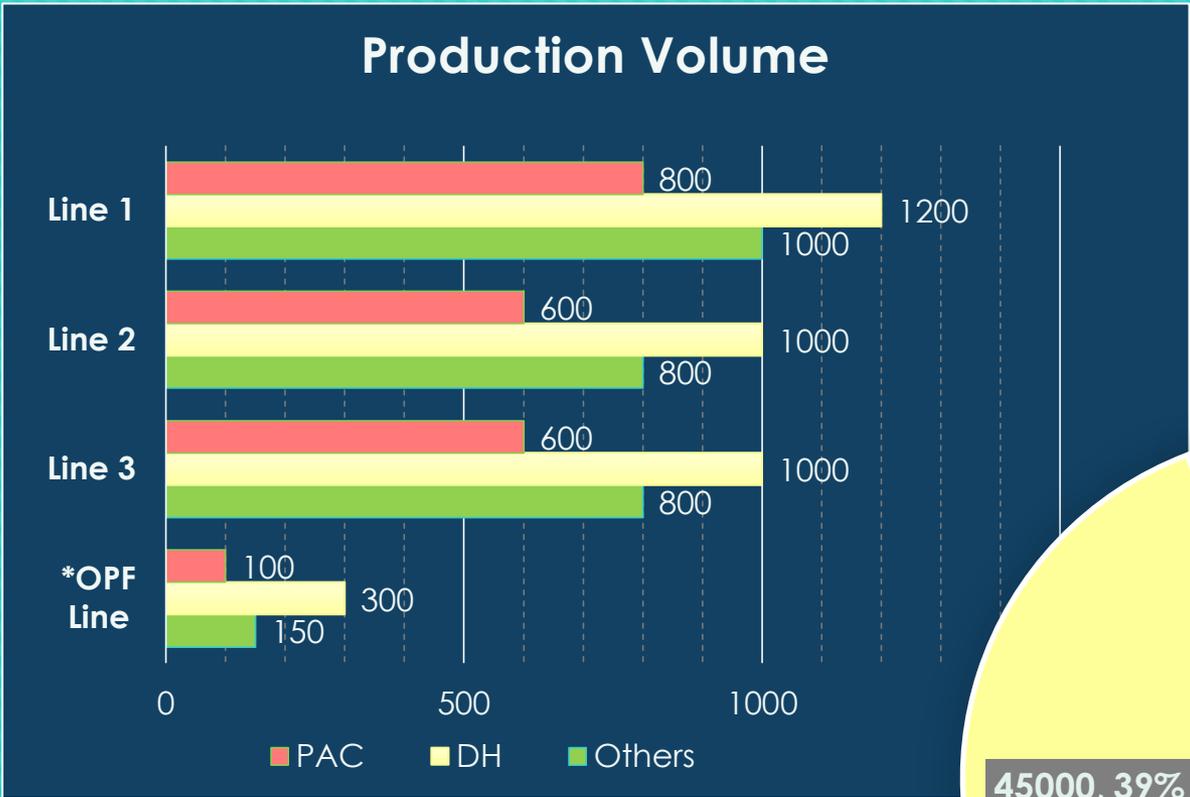

Variety of design

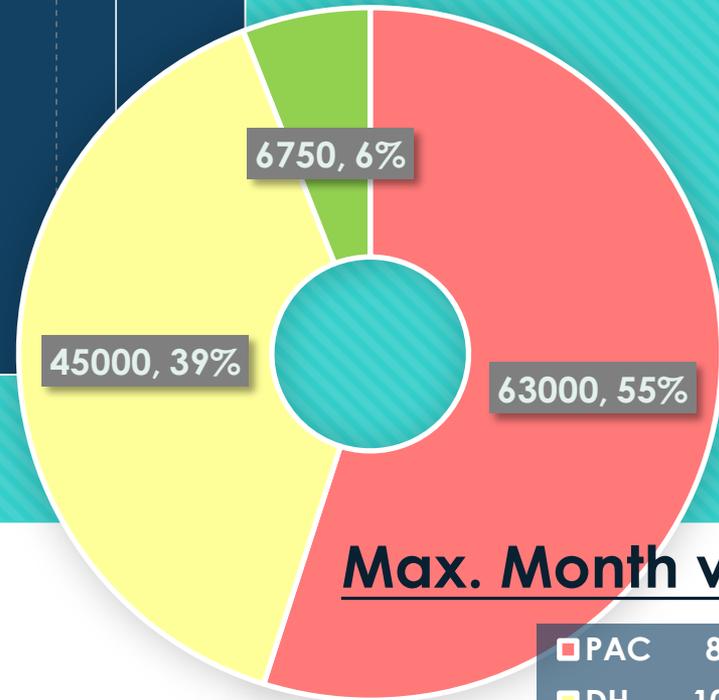

Research the culture and aesthetics among different markets to generate more product designs. We can fulfill the customer preference from the European, the American to the Asian, We are the ODM/OEM manufacturer who keeps flexibility to customized the products for you.

Production Volume

*OPF = One Piece Flow for new product or special order

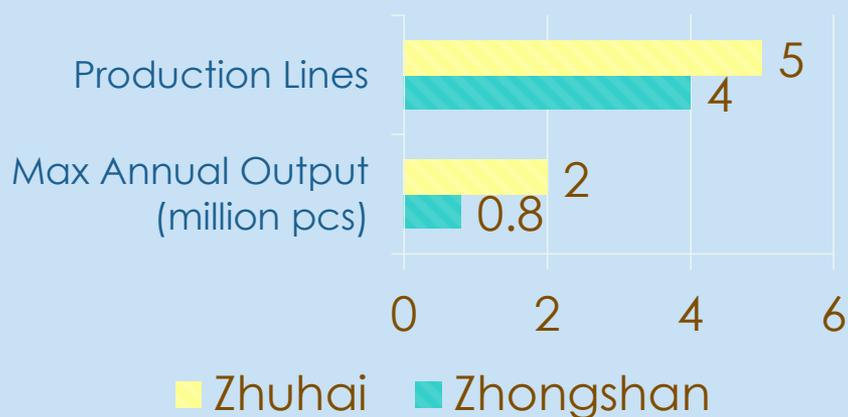

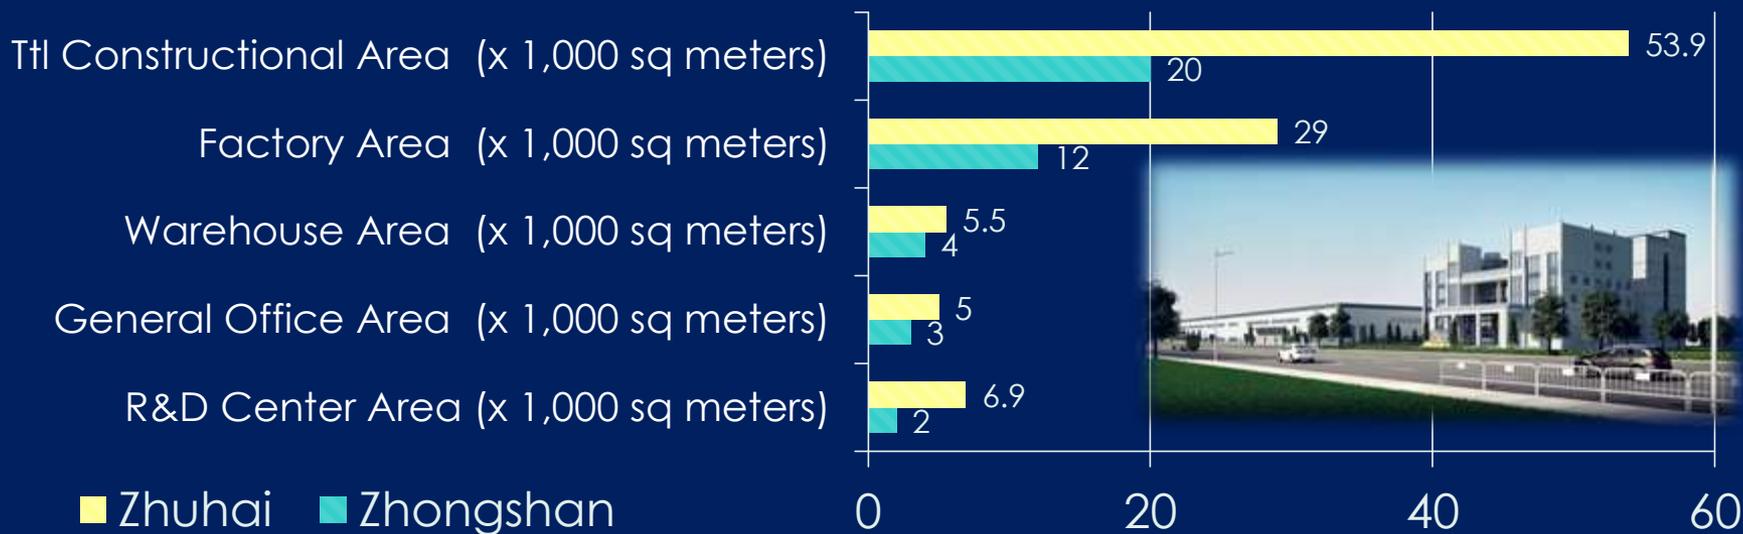

Max. Month volume

| | |
|--------|------------|
| PAC | 800pc/Day |
| DH | 1000pc/Day |
| Others | 150pc/Day |

Manufacturing Capacity

4 mature production lines to ensure the prompt shipment.
Dynamic managing team can flexibly fulfill all the orders.

New factory in Zhuhai, China

United International Co., Ltd

R&D Capability

Certificate

International Quality & Social Compliancy

- 2013 • ISO9001:2008
- 2015 • QC080000 (ISO 14001:2004 + Cor.1:2009) Hazardous Substance Process
- 2016 • BSCI (business social compliance)
- 2017 • IECQ QC 080000:2012 Hazardous Substance Process Management

Safety Certification Approval

Patent

Total 49 patents:

- 9 Invention patent &
- 15 Utility model patent &
- 25 Design patent!

➤ Interchangeable Air Outlet:

Cooling, heating and dehumidifying in one unit

Patent highlight

(No.: ZL 2007 2 0053098.2)

➤ Built-In Air Duct:

Store the exhaust hose inside the unit to save the space

Patent highlight

(No.: ZL 200620060088.7)

➤ Special Window Kit:

Can place and control the water-resistant air conditioner outside

Patent highlight

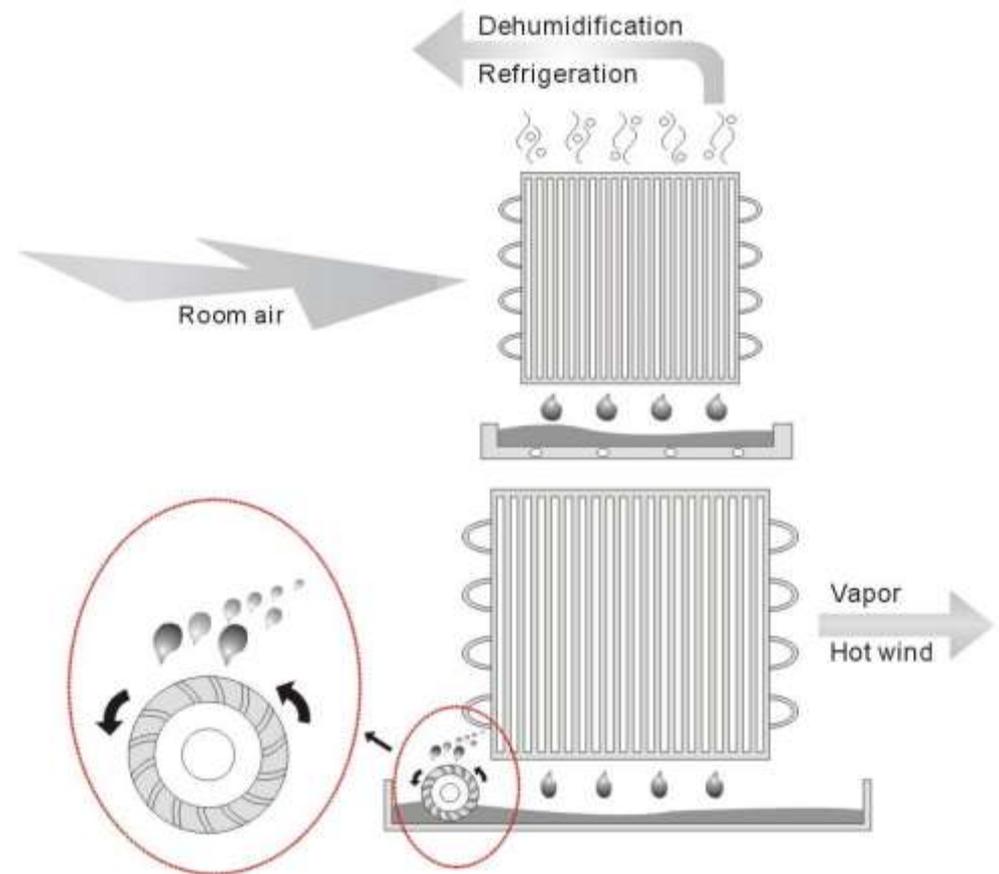

(No.: ZL 200720058411.1)

Patent

Self Evaporating Technology

Evaporate the condensation and flow out through the exhaust hose, which makes the portable air conditioner free from draining.

Moreover, the condensation helps decrease the heat of inner parts, which improves the cooling efficiency and save the power.

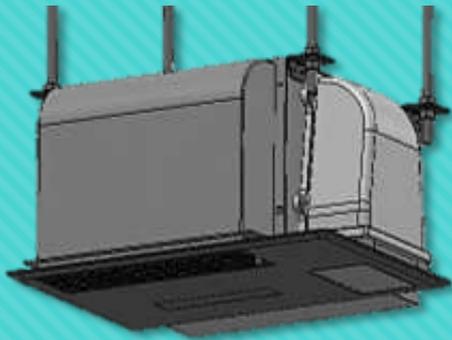

United International Co., Ltd.

Product Line

2018 New Product Development Projects

INDUSTRIAL SEGMENT

(Panel on roof)

Monomer Ceiling AC:
Super thin ceiling type air conditioner with 900w cooling power and 2400w heating

HOUSEHOLD SEGMENT

Air Water Generator
Extract the clean drinking water from air

Personal desktop type PAC:
Light, mini and dynamic. Replace cooling fan in office during summer/ off-peak time

Mini Elevator air conditioner with 3000 Btu/H. Light and thin to decrease the limitation of installation.

○ **Best Seller** | Portable Air Conditioner

3-in-1 Series
(Cooling & Heating, 7000~14000 Btu/H)

Features

- Cooling/ Heating/ Dehumidifying/ Ventilating in 1 unit
- 4-Steps fan speed control
- Smart program with sleep mode
- 24-Hrs timer for auto on/off
- Simple installation: plug to use
- Optional accessories: window kits

Design

- Front & Back air outlet interchanging design, cleverly use the cold & hot air in different way.
- Self-Evaporating technique: free from draining and dipping.
- Build-in exhaust hose: Save the space and prevent the dust.

○ **Best Seller** | Mini 6-in-1 Air Conditioner

Features

- 6 in 1: Cooling/ Heating/ Humidifying/ Dehumidifying/Air Purifying/ Ventilating in 1 unit
- Super low power consumption, can operate with portable battery
- Ultra thin and light: Easy to carry.
- Simple installation: plug to use
- Multiple applications: with camping tent/ pet house/ mosquito net.

Key Spec.

- Cooling Capacity (BTU/H): 2,700
- Power Consumption (W): 307
- Dehumidification (L/Day): 20
- Humidification (mL/Hr.): 200
- Unit Dimension: W285* D375* H500
- Net Weight: 14.5 kg

Mini Personal Air Conditioner (3000Btu/Hr)

○ **Best Seller** | Household Dehumidifier

Features

- Efficient Dehumidification
 - Powerful 2-speed air flow
 - Extra large water tank (4.5/ 6.5L)
 - Strong air circulation
- Flexible Setting & Control
Precise humidity setting, or
Continuously dehumidifying.
- Clever Programmed Timer
Time range: 1 ~ 24 hours,
can pre-set the function and time
of the unit.
- Electronic Control
- Rel. humidity setting : 50%~80%
- Applicable ambient temp.:
5°C-32°C

PD-GAE/ PD-HAE (25~70 L/Day)

○ **Best Seller** | (Metal type) Household Dehumidifier

PD-SEE & PD-VAE (40~80 L/Day)

Features

- Efficient Dehumidification
 - Powerful 2-speed air flow
 - Extra large water tank: 9L
 - Strong air circulation
- Durable Stainless steel casing
- Attachable HEPA filter
- Flexible Setting & Control
 - Precise humidity setting, or
 - Continuously dehumidifying.
- Clever Programmed Timer
 - Time range: 1 ~ 24 hours,
 - can pre-set the function and time of the unit.

○ **Best Seller** | Versatile Air Purifier

One-stop solution for the air you breathe
DIY combination of Magic Air Treatment

- Humidification module
- Dehumidification module
- Purification module
- Fragrance module

○ **Best Seller** | Versatile Air Purifier

Aesthetic Design from Korea

- *High CADR (340m³/h): Refresh the indoor circulation efficiently.
- *HEPA standard purification remove 99.97% of PM2.5 particles (size: 0.3 microns) .
- *Color/ Number display of air quality.
- *Elegant design to meet your aesthetics.

○ **Best Seller** | Desktop Water Generator

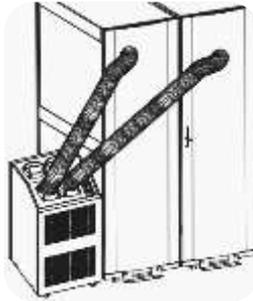

Features

- Self-Water Dispense:
Air-Water Transformation
- Cold//Hot Temperature Control
- “15 sec, ” Instant Boiling
- Free from “Secondary Pollution”
of filter in water purifier
- Sustainable Green Appliance:
Mercury Free x Water Reuse
- Desktop Bottle Less type
- Aesthetic Soft Touch Screen

| Model No. | PW-BAE |
|------------------------|-------------|
| Capacity | 25 L/Day |
| Noise | < 45 dB |
| Dimension W*D*H(mm) | 300*470*530 |

PW-BAE (25L/Day)

○ **Best Seller** | Industrial Air Conditioner

Features

- Strong air cooling: 24,000 BTU/H
- Stable operation without shutdown
- 24 hr. “On/Off” programed timer
- High thermal durability up to 40°C
- Simple installation & connection (to the server)

Design

- Elegant metallic black
- No-Dripping: self-evaporation
- 4-Ducts attached design: directly cooling the right space
- Easy-sliding castors for moving
- Wi-Fi connected (Optional)

PC-IMB (24000 Btu/Hr)

○ **Best Seller** | Industrial Dehumidifier

Features

- Dual-sides air exhaust enhance the drying process
- Extreme air volume & airflow distance
- Superb dehumidification (60~200L/Day)
- High thermal durability up to 40°C
- Stable "Low Temp. Dehumidification"
- 5 meters long vertical rise (Water pump)
(pumping from the flooded basement)
- Water & dust resistant metal cases
- Efficient defrosting with additional 2 way valve

PD-MAE/ NAE/ UAE (60~200 L/Day)

Thank you 😊
